

AN EARLY LEARNING CENTER FOR ACTIVE KIDS
Ages 6 weeks to Pre-K

October 5, 2012

To Whom it May Concern:

The Fence Company made the process of choosing, purchasing and installing a fence absolutely seamless! While in the process of starting our new early learning center, *The Campus at Kids First*, we were inundated with contractors and vendors, as with any new project. Then came Gina Donisi from *The Fence Company* who met with us, presented several options for fencing, gave us a very competitive and straight up price without any gimmicks or sales-pitch jargon, and it was like a breath of fresh air. Gina worked with us to find the perfect fence for our needs and was there every step of the way - from decision-making to installation. From the beginning we felt confident that *The Fence Company* would get the job done well and in a timely manner. They certainly did not disappoint. From communication on how the project progressed to dealing with final payments, Gina was there. And the installation team was friendly, helpful and an overall delight to work with.

We would **highly** recommend the professional and friendly staff at *The Fence Company* for any fencing needs - whether it be commercial or residential. They will provide what is sure to be a stress-free and enjoyable experience throughout the process.

Thanks, Gina and the entire team at *The Fence Company* - our fence looks amazing and we could not be more pleased with the final product!

Warmest Regards,

Joanie Weghorst, Co-Founder *The Campus at Kids First*
